

EduPlus Admin Mobile App - Development TODO

Project Overview

A comprehensive mobile application for educational management featuring student management, attendance tracking, teacher coordination, timetable management, and reporting for admin, teachers, students, and parents.

Phase 1: Authentication & Core Setup

Authentication Screens

- ☒ Login screen with email/password validation
- ☒ Multi-step registration flow (Role selection → Basic info → Role-specific fields)
- ☒ Password visibility toggle
- ☒ Remember me functionality
- ☒ Forgot password screen
- ☒ Social login buttons (Google, GitHub)
- ☒ Session persistence with AsyncStorage
- ☒ Auto-logout on inactivity (15 minutes)
- ☒ Offline detection and logout

Core Navigation

- ☒ Bottom tab navigation setup
- ☒ Role-based tab configuration (Admin, Teacher, Student, Parent)
- ☒ Header with back button and actions
- ☐ Drawer menu for quick access
- ☒ Route protection (PrivateRoute)

Theme & Styling

- ☒ Color palette configuration (Blue, Green, Orange, Red, Gray)

- ✓ Typography setup (Headings, Body, Labels)
 - ✓ Light/Dark mode support
 - ✓ Responsive design for all screen sizes
-

Phase 2: Dashboard Screens

Admin Dashboard

- ✓ Welcome greeting with role
- ✓ Quick stats cards (Students, Teachers, Courses, Attendance)
- ✓ Recent activity feed
- ✓ Quick action buttons
- ✓ Trend indicators (↑ ↓)

Teacher Dashboard

- ✓ Welcome greeting
- ✓ My classes section
- ✓ Today's schedule
- ✓ Quick actions (Mark Attendance, Submit Grades, Send Message)

Student Dashboard

- ✓ Welcome greeting with class and roll number
- ✓ Academic overview (GPA, Attendance, Assignments)
- ✓ Upcoming classes
- ✓ Recent grades
- ✓ Assignments due

Parent Dashboard

- ✓ Welcome greeting with child name
- ✓ Child's performance metrics
- ✓ Recent updates

- ☒ Upcoming events
 - ☒ Quick actions (Message Teacher, View Report)
-

Phase 3: Students Module

Students List Screen

- ☒ Display list of students with filters
- ☒ Filter by class
- ☒ Search functionality
- ☒ Student cards with roll number, class, attendance status
- ☒ Action buttons (View, Edit, Delete)
- ☐ Pagination support
- ☒ Add new student button

Add Student Screen

- ☐ Form with fields: First Name, Last Name, Roll Number, Email, Phone, Class, Address
- ☐ Client-side validation
- ☐ Submit button with loading state
- ☐ Success/error alerts
- ☐ Navigation back to list on success

Edit Student Screen

- ☐ Pre-populate form with student data
- ☐ Same fields as add student
- ☐ Update button with loading state
- ☐ Success/error handling
- ☐ Delete button with confirmation

Student Detail Screen

- ☐ Display full student profile

- ☐ Contact information
 - ☐ Academic information (GPA, Attendance, Total Classes)
 - ☐ Weekly attendance grid
 - ☐ Recent grades
 - ☐ Message teacher button
 - ☐ View full report button
-

Phase 4: Attendance Module

Mark Attendance Screen

- ☒ ~~Class selector dropdown~~
- ☒ ~~Date picker~~
- ☒ ~~Session selector (Morning/Afternoon)~~
- ☒ ~~Student list with attendance status buttons~~
- ☒ ~~Status options: Present (✓), Absent (✗), Late (⚠), Excused (📝)~~
- ☒ ~~Summary statistics (Present, Absent, Late, Excused)~~
- ☒ ~~Save button with loading state~~
- ☒ ~~Reset button~~
- ☒ ~~Unsaved changes indicator~~

Attendance Records Screen

- ☐ Class selector
- ☐ Date range filter
- ☐ Attendance summary stats
- ☐ Detailed attendance records by date
- ☐ Export report button
- ☐ Print button

Weekly Attendance Grid

- ☐ Week navigation (Previous/Next)

- ☐ Date range display
 - ☐ Student list with avatars
 - ☐ 5 days (Mon-Fri) with Morning/Afternoon sessions
 - ☐ Attendance status indicators
 - ☐ Weekly percentage summary
 - ☐ Save and Reset buttons
 - ☐ Unsaved changes tracking
-

Phase 5: Teachers Module

Teachers List Screen

- ☐ Display list of teachers
- ☐ Filter by department
- ☐ Search functionality
- ☐ Teacher cards with name, subject, classes, status
- ☐ Action buttons (View, Edit, Delete)
- ☐ Pagination support
- ☐ Add new teacher button

Add/Edit Teacher Screen

- ☐ Form with fields: First Name, Last Name, Email, Phone, Subject, Department, Status
- ☐ Client-side validation
- ☐ Submit button with loading state
- ☐ Success/error alerts

Teacher Detail Screen

- ☐ Display full teacher profile
- ☐ Contact information
- ☐ Subject and classes assigned
- ☐ Teaching schedule

- ☐ Performance metrics
-

Phase 6: Timetable Module

Timetable View Screen

- ☐ Class selector dropdown
- ☐ Week navigation (Previous/Next)
- ☐ Weekly schedule grid (Time slots × Days)
- ☐ Subject display with color coding
- ☐ Break periods highlighted
- ☐ Edit timetable button
- ☐ Download button
- ☐ Print button

Edit Timetable Screen

- ☐ Editable grid cells
 - ☐ Subject selector for each cell
 - ☐ Save button
 - ☐ Cancel button
 - ☐ Success/error handling
-

Phase 5: Reports Module

Reports List Screen

- ☒ Available reports: Attendance, Grades, Class Performance, Teacher Workload
- ☒ Generate button for each report
- ☒ Recent reports section
- ☒ View, Download, Delete actions for recent reports

Generate Report Screen

- ☒ Report type selector
 - ☒ Date range picker
 - ☒ Class/Student selector (based on report type)
 - ☒ Generate button with loading state
 - ☐ Report preview
 - ☐ Export options (PDF, Excel)
-

Phase 6: Settings & Profile

Settings Screen

- ☒ Profile section with edit button
- ☒ Security section (Change Password, Two-Factor Auth)
- ☒ Notifications preferences
- ☒ Appearance settings (Theme, Font Size)
- ☒ About section (Version, Check for Updates)
- ☒ Logout button
- ☒ Delete account button

Profile Edit Screen

- ☐ Profile picture upload
- ☐ First Name, Last Name, Email, Phone fields
- ☐ Bio/Description field
- ☐ Save button with loading state
- ☐ Cancel button

Change Password Screen

- ☐ Current password field
- ☐ New password field
- ☐ Confirm password field
- ☐ Password strength indicator

- ☐ Save button
-

Phase 9: Components & Utilities

Shared Components

- ☐ Button component (Primary, Secondary, Danger, Icon variants)
- ☐ Input field component (Text, Email, Password, Number)
- ☐ Dropdown/Select component
- ☐ Card component (Stat card, List card, Detail card)
- ☐ Modal component (Confirmation, Alert, Form)
- ☐ Alert component (Success, Error, Warning, Info)
- ☐ Loading spinner component
- ☐ Tab navigation component
- ☐ Header component with back button
- ☐ Drawer menu component

Utilities & Hooks

- ☐ useAuth hook for authentication state
 - ☐ useColors hook for theme colors
 - ☐ useColorScheme hook for dark/light mode
 - ☐ API service layer with axios
 - ☐ Error handling middleware
 - ☐ Loading state management
 - ☐ Form validation utilities
-

Phase 10: API Integration

Authentication API

- ☐ Login endpoint integration

- ☐ Register endpoint integration
- ☐ Logout endpoint integration
- ☐ Password reset endpoint integration
- ☐ Social login endpoint integration

Students API

- ☐ GET /api/students (list with pagination)
- ☐ GET /api/students/:id (detail)
- ☐ POST /api/students (create)
- ☐ PUT /api/students/:id (update)
- ☐ DELETE /api/students/:id (delete)

Teachers API

- ☐ GET /api/teachers (list)
- ☐ GET /api/teachers/:id (detail)
- ☐ POST /api/teachers (create)
- ☐ PUT /api/teachers/:id (update)
- ☐ DELETE /api/teachers/:id (delete)

Attendance API

- ☐ GET /api/attendance (records)
- ☐ POST /api/attendance/mark-bulk (mark attendance)
- ☐ GET /api/attendance/:classId (by class)

Timetable API

- ☐ GET /api/timetable/:classId (by class)
- ☐ POST /api/timetable (create)
- ☐ PUT /api/timetable/:id (update)
- ☐ DELETE /api/timetable/:id (delete)

Reports API

- ☐ POST /api/reports/generate (generate report)
 - ☐ GET /api/reports/export (export report)
-

Phase 11: Testing & QA

Functional Testing

- ☐ Test all authentication flows
- ☐ Test all CRUD operations
- ☐ Test navigation between screens
- ☐ Test form validation
- ☐ Test error handling
- ☐ Test loading states

Responsive Testing

- ☐ Test on small phones (320px)
- ☐ Test on regular phones (375px)
- ☐ Test on large phones (600px)
- ☐ Test on tablets (1024px)
- ☐ Test landscape orientation

Accessibility Testing

- ☐ Color contrast compliance
- ☐ Touch target sizes
- ☐ Screen reader compatibility
- ☐ Keyboard navigation
- ☐ Focus indicators

Performance Testing

- ☐ App startup time
- ☐ Screen load time

- ☐ List scrolling performance
 - ☐ API response time
 - ☐ Memory usage
-

Phase 12: Deployment & Polish

Final Polish

- ☐ App icon and splash screen
- ☐ Loading animations
- ☐ Smooth transitions
- ☐ Error message refinement
- ☐ Help/FAQ section

Deployment

- ☐ Build for iOS
 - ☐ Build for Android
 - ☐ Submit to App Store
 - ☐ Submit to Google Play
 - ☐ Release notes preparation
-

Completed Tasks

(None yet - tracking will begin during development)

Known Issues

(None yet - issues will be logged here as they arise)

Notes

- All screens follow mobile-first design principles

- Color scheme: Blue (#2563EB), Green (#10B981), Orange (#F59E0B), Red (#EF4444), Gray (#6B7280)
 - Minimum touch target size: 48x48 dp
 - Minimum font size for body text: 14px
 - Session timeout: 15 minutes of inactivity
 - Auto-logout on connection loss
-
